The board of directors (the "Board") of CNMC Goldmine Holdings Limited ("CNMC" or the "Company") is delighted to report that the Company's Sokor Gold Project produced 4,356.47 ounces of gold doré bars¹ in the month of June 2014, which is the highest record to date for monthly output since the start of gold production in July 2010, surpassing its previous record of 3,419.51 ounces as reported in the Announcement, representing an increase of approximately 27.4%.

In line with the Company's strategy of ramping up its gold production, the installation of a 350 tonnes per hour crushing system is currently in progress and near to completion. The Company expects to conduct trial runs of the crushing system in the third quarter of 2014.
